# ACCESSORIES FOR R18

The new BMW R18 is made for individualists. The design of its architecture is flexible and individual conversions are expressly encouraged. At the market launch of the R18, BMW Motorrad has presented a wide range of current and future individualisation options for customers. This large selection of original BMW Motorrad accessories clearly shows that BMW has recognised the wishes and needs of customers for extensive individualisation.

The range of available original BMW Motorrad accessories is already large and the possibilities for making the new R18 unmistakably unique are many. The four extraordinary styles in this flyer aim to highlight the options BMW fans have for customising their R18. Over the coming year we will offer and provide many more accessories. This significantly expands the design options.

This flyer shows all currently available parts. It is intended to be an additional source of inspiration for individual R18 styles, which can also be on display in the showroom.

## STYLE SUGGESTION 1

---

### 2-Tone-Black fork leg end cap, top

Part no. 77 312 469 423

---

### 2-Tone-Black fork leg end cap bottom

Part no. 77 242 471 460

---

### 2-Tone-Black headlight cover

Part no. 77 515 A0B 9E5

---

### 2-Tone-Black engine housing cover
